We like to know who our friends are so please print your name below.

Lisa Celestino was born with a Birth Defect . . . spina bifida or open spine. We can help rehabilitate Lisa for a useful, productive life. But nothing we can do is a real substitute for the healthy body that should have been her birthright.

**THE REAL ANSWER? PREVENT BIRTH DEFECTS!**

With your help,  
the March of Dimes fights Birth Defects on many fronts . . .

- Research grants to find causes and prevention of Birth Defects are in force at eight research centers in New York City.
- Six March of Dimes Birth Defects Treatment Centers are located in the five boroughs.
- Year-round professional and public health education programs are conducted on Birth Defects Prevention.

**GIVE TO THE MARCH OF DIMES • PREVENT BIRTH DEFECTS**
